

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

Please support the "Fair Share Plan" as you consider changes to the way long distance calls are charged. My cell phone is used for emergency or contact calls not long conversations. I live on a retirement income and must budget carefully.

Thank you for your work as chairman.

Sincerely, LaRue Cline 3016 Ridge Road Lexington, NC 27295-7135

Sincerely,

LaRue Cline
